## SUNDAY MORNING SHOOTING SCRAPE AT SECOND STREET

### Dunlevy Resident Anxious To Raise Trouble By Gun Play

### HELD IN $1,000 BAIL FOR COURT

A shooting scrape occurred early Sunday morning on Second street near McKean in which William Donehoo received a wound on the left cheek, but fortunately the bullet glanced, else there might have been a different tale to tell.

Donehoo, in company with Tony Moore and John Dree, both of whom live in Dunlevy, were on the way up town and while on Second street, stepped to a porch to get out of the rain. While they were on the porch Moore drew a gun and began shooting. There appeared to be no provocation, but it looked as if Moore wanted to shoot some one. He pointed the gun at Donehoo and fired, who ducked his head just as Moore pulled thetrigger. The ball struck Donehoo on the left cheek but was deflected and after ploughing upward for a short distance left for a very painful wound.

The police were notified of the shooting and shortly after arrested Dree and placed him in the lockup. Early Sunday morning they went to Dunlevy and arrested Moore, who was still in bed. He had a double-barrelled shotgun at the head of his bed,with both barrels loaded, but the police took him before he had any oppertunity to use the firearm. The prisoner as well as the gun were brought to Charleroi. Moore was given a hearing before Justice Whitehead, who held him in $1,000 bail for his appearance atc ourt. If hecannot furnish bond by Wednesday he will be taken to jail.

The police took charge of the gun, and it may be that another information may be made against the man for illegal possession of fire arms.

### HOLD-UP REPORTED FROM NEAR VESTA

A report came to the Charleroi police Sunday night that four colored men near Vesta stop were holding up pedestrians as well as automobiles at that place and for the purpose of robbery. An Italian waiting for the street car there was held up and relieved of $20, while an automobile party was held up just as he was boarding a car to come to Charleroi. However, as the locality was outside the jurisdiction of the local officers they could lend no assistance to the community.

## KILLED WHILE ON WAY TO THE RACES

Joseph Bennett of Belle Vernon aged about 26 years, was thrown from an automobile truck on which he was riding about 11 o'clock Monday near Searight's on the National Pike and so badly injured that he died about a half hour later.

Bennett was in a party which was going to the races at Uniontown. They were travelling in a construction truck, Bennett riding on top of the cab. Near Searight's an auto ran into the truck and Bennett was thrown from his position. It is not known whether hewas run over by the truck or whether he struck the fence with sufficient force to fatally injure him, but he survived the accident only a half hour. The deceased is survived by his wife and one child. The body was brought to the Bennett home in Belle Vernon last evening, from where the funeral will take place later. Mrs. Bennet was in the party and witnessed the accident.

About a year ago Bennett, while at work on construction at t he Pittsburg Steel company fell a distance of about 50 feet, but his fall was broken by a wire and he was not injured.

Mr. and Mrs. Lewis Duvall. Mr. and Mrs. Ernest Paxton of California and Misses Elizabeth and Gertrude Becker of Newell spent Sunday at the home of Loman Duvall of Speers.

Mr. and Mrs. Floyd Chalfant of Beaver, former residents of Charleroi spent the Labor Day vacation with relatives here.

## FORMER MAIL EMPLOYE HOME FROM SERVICE

Palmer Ashton a former employe of the Mail office, returned Saturday evening last from twenty-two month's service overseas with the American Expeditionary Forces. He first enlisted with the Fifteenth Engineers on the 25th of May, 1917, but the quota being filled, his enlistment was held over until October of the same year when he was called to the 26th Engineers, and in the same month sailed for France. Later he was transferred to the 29th Engineers and was located at Langres, near Chaumont, where Gen. Pershing had his headquarteers. Later he went with his regiment to Toul and thence to Coblenz. His regiment was attached to the Intelligence Division of the American Army, and was engaged in map-making for the use of the army in the various drives. From Coblenz he came with his regiment to the United States and was mustered out of the service last week. "Pal" as he was familiarly known looks as if his service in the army had agreed with him.

## *Donora Bridge to be Paved with Blocks at a Cost of $52,416.50*

At a meeting of the county commissioners of Washington and Westmoreland counties, held at Greensburg on Friday last, a contract was awarded for the floor paying of the Donora-Webster river bridge to the Farris Engineering company of Pittsburg on its bid of $52,416.50. Work of paving on the bridge is to begin in about 30 days and it is to be completed by December 15, 1919.

Two other bids were received, one from Hibner &Dole of Harrisburg for $59,920 and the other of Walters & Roe, of Pittsburg for $60,000.

The bridge is to be kept open for traffic during all of thetime the work is in progress. The Webster approach to the bridge is to be paved with brick laid on cement and the remainder of the flooring will be laid with creosote block.

The flooring of the Donora bridge has been in a dangerous condition for several years and many complaints have been made by those who use the s tructure that some accident would ultimately cause suits for heavy damages. It was necessary to keep men at work almost every day in the week in order to have the roadway in repair that it might be used for traffic, and even then the conditions were not ideal. Placing paving blocks on the bridge will make a permanent roadway which is expected to last for many years.

Commissioner John O. Watson, immediately after his entrance into office in January, 1916, advocated that creosote paving block be placed on the bridge, but his suggestions were not carrieed out although at that time the work could have been done much cheaper than it will be done today. However, Mr. Watson has the satisfaction of seeing his suggestions ultimately prevail, which will give a permanent roadway to the Donora bridge.

## TENDER BANQUET TO SOLDIER MEMBERS

A complimentary banquet will be tendered the soldier members of the Charleroi fire department by those of the membership who were not in service at the Washington Avenue Presbytrian church this evening.

A regular meeting of the fire department will be held at the firemen's rooms in the municipal building at 8 o'clock and after the transaction of business the members will go to the dining room of the church, where the dinner will be served. The banquet expense is being borne by the members and is being prepared and will be served by the wives and daughters of the firemen.

## NEW MANAGER FOR TELEPHONE COMPANY

John A. Lane, who has been in charge of the local office of the Charleroi Independent Telephone company and at the same time acting as secretary of the company, has tendered his resignation, effective on the first day of September, and he will hereafter be in charge of the sub-station of the Pittsburg Railways company at Twelfth street. Mr. Lane will look after local affairs until Friday, when H. L. Lamb will assume the management of the company affairs in Charleroi. A secretary to the company will be elected later.

See our line of Wall Paper, greatly reduced. We have room lots from $1.00, $1.50 and $1.75. H. W. Houseman, corner Fourth and Fallowfield. 73-t6p

The regular meeting of the W. C. T. U. will be held at the Washington Avenue Presbyterian church this evening at 7:30 o'clock.

## AMERICAN LEGION MEETS TONIGHT

The American Legion will hold their monthly meeting this evening in the Municipal Building at eight o'clock. elegates and alternates will be elected to represent the Charleroi Post at the Pennsylvania State Convention to be held in Harrisburg during the first week of October. The local Post plans to hold a series of dances during the coming winter and committees will be appointed to have charge of these functions. There are other matters of importance to come up at the meeting and it is expected that there will be a large attendance.

### EARLY MORNING WEDDING AT ST. JEROME RECTORY

At St. Jerome's Rectory, this morning at 6 o'clock, by Rev. William D. Fries, Desire Williams son of Desire and Selena Williams, and Miss Bertha Lambermont, daughter of Felix and Mary Lambermont. The witnesses were Harris Rodgers and Mary Lambermont. The bride couple left for a trip to Cleveland, and after their return will reside in Charleroi.

### MONONGAHELA COUPLE MARRIED IN CHARLEROI

Mr. Thomas Powell, of Houston Run, and Miss Edna Irwin, of Monongahela, were married at the home of Rev. C. L. Page 700 Washington avenue, Saturday evening last, Rev. Mr. Page officiating.

The Charleroi Board of Health has moved its headquarteers to the municipal building and will be located on the first floor, second office to the left.

Mr. and Mrs. James Stamps of Belle Vernon were Sunday visitors at the home of Mr. and Mrs. L. R. Walters.

## COAL SHIPMENTS FOR AUGUST BREAK ALL SIMILAR RECORDS

### MEDALS FOR ALL RETURNED SOLDIERS

Any soldier, sailor or marine who has returned home since the celebration will be able to obtain one of the medals provided by the local committee, if they will leave their name at Schafer's jewelry store, or with Harry W. Scott or Joseph Brand. It is the desire of the committee that every man who served in the late war be remembered by one of these medals, which they will be glad to furnish to any one entitled thereto, and who has not already received one.

## HOW NAMES APPEAR ON OFFICIAL BALLOT

A copy of the official Republican ballot for the primaries on September 16 is in the hands of the commissioners. Under the new primary law t here is no separate ballot for the non-partisan ticket, which contains the name of the candidates for the state superior court and the court of common pleas and orphan's court of the county.

The column containing the names of these candidates is on the regular ballot, but at one corner and bordered in black. Above this ticket appears in bold black type the words, "Non-Partisan Primary Ballot," and below it in smaller type the name of the district wherein the ballot is cast, date of primary and instruction as to how to mark t he ballot.

In the first block of this non-partisan ballot appears the name of William H. Keller, Lancaster county, of those seeking the nomination for judge of the superior court. The next block contains the name of James I. Brownson, of Washington, candidate for the nomination for common pleas judge of this county.

The next block contains the names of thise seeking the nomination for the bench of the newly created orphans' court in this county. These are, in the order they appear on the ballot, which was decided by lot, Norman Emmett Clark, East Washington, and Andrew M. Linn and Haldin B. Hughes of East Washington.

The order in which the names of the Republican candidates for the various county officers will appear on the ballot is as follows:

County Commissioner—J. Elmer Johnson, Peters township; H. B. N. Louttit, North Strabane township; W. C. Robison, East Washington; James W. Walker, West Pike Run; John O. Watson, North Charleroi, and James B. Wray, Union.

District Attorney—Isaac W Baum, Washington; Erwin Cummins, Houston.

Sheriff—Alexander B. Gray, Elco; Charles Miller, Bealsville.

County Treasurer—James B. Castner, Donora; Robert G. Lutton, Washington.

### Over A Million Bushels A Day Passes Through Lock No. Four

### LOCK CAPACITY IS EVEN GREATER

All records for coal shipments from the upper pools of the Monongahela river were shattered by Lock No. 4 during the month of August,when 35,259,000 bushels were locked through for points below. These totals are 4,343,000 bushels in excess of the July shipments, which were considered wonderful, but which must now take second place. However, even with the immense totals for August, the lock at No. 4 has not yet reached its capacity in the way of coal shipments, which are even yet expected to be much larger than during the past month.

Heretofore July and August were considered slow months in the way of coal shipments, but of late years conditions have changed. Formerly the heavy shipments were made in the spring and fall but with increase in activities in an industrial way in the Pittsburg district the summer months are the busiest in the way of mining and shipping coal.

The report for August as made by Lockmaster Sweeney is as follows:

Going down—Lockings 612, steamers 353, boats and barges 1869 other craft 28, bushels coal 35,259 000, gravel 10,000 bushels, lumber 3.000 cubic feet, merchandise 483 tons, passengers 390.

Going up—Lockings 598, steamers 348, bats and barges 1831, rafts timber 2 sand 27,000 bushels, gravel 47,000 bushels, timber 14,000 cubic feet, lumber 30,000 feet board measure, merchandise 763 tons, passengers 378.

If t he same ratio of shipments obtained for August as in July, it would indicate that the Carnegie shipments would total about 12,000,000 bushels of coal for the month certainly an immense total, which will be increased this month when an additional steamer is expected to be placed in commission.

### Special Notice P. H. C.

A full attendance of all members specially requested at meeting Wednesday evening at 8 p. m. A musical and literary program will be given. Detailed arrangements will be made for the Boosters class and the Inner Circle degree to be given at Uniontown in December. Refreshments will be served. Come. 75-t2*

## EDUCATION AND THE WAR

What the war taught us concerning education and how we can benefit by its lessons are discussed from an expert's point of view in a bulletin of the Federal Bureau of Education, written by Professor C. R. Mann of the Massachusetts Institute of Technology, who served as chairman of the Advisory Board on Education and Special Training of the War Department.

First of all comes the democratic principle that prevails in the army—a man's capabilities were studied and determined and his training based thereon; his family status or financial ability had nothing to do with the decision. Of course our present system does the same thing in a much more hit or miss fashion. No boy of real ability need lack for an education nowadays if he has the will to work for it. There is a healthy American sentiment to this end and it usually sees that the boy goes to college or technical school as he desires. It is the beauty of universal training that it automatically achieves this end as a matter of official routine.

Can the same democratic system be achieved by other means? Professor Mann suggests a persisent campaign, carefully organized in cooperation with the schools in every community, as a possible alterative. Perhaps this might work, but the real system would be a universal service long enough to permit a searching test of each youth upon a thoroughly democratic basis. Afterward it might be left to the communities to see that their young men receive the training their abilities entitle them to. At any rate each boy would know what he was fitted for and toward what he ought to bend his career.

Physical exercise and drill are next stressed by Professor Mann. "A fine physical set-up, good co-ordination, precision, promptness, self-discipline and the instinctive habit of doing one's best under all conditions," are the goals to be sought. A large order problem of education. Military training proved in the war to be a most effective means for accomplishing these ends in Professor Mann's opinion.

Is there a substitute for peace times? It is suggested that the schools have not paid sufficient attention to these virtues and that by pursuing them as does military training, might achieve them. Perhaps. But we think Professor Mann has missed an essential factor in the case. Any one who has ever attended a military school in peace time can assure Professor Mann that there is limited merit in military training as ordinarily taught. So far from teaching "the instinctive habit of doing one's best under all conditions," we should say that after it has taught a certain superficial alertness and precision it helps not at all to develop initiative or dong anything better than enough to "get by."

The truth is, we submit, that it was the great, all-stirring motive behind military service during the war that created its great educational value. There was eagerness to do one's best for one's country, there was a social enthusiasm that swept the dullest privates on to do better than their best. With the war's end came a slump whch every officer will testify to. So the problem is not nearly as simple as Professor Mann states it. It is nothing less than to find in peace time a substitute for the great motive of patriotism fanned into flame by war—a moral equivalent for war, in short. To ensure military training in a mea- C .Fei- bGNeg$tlaiñtlõwda89$ 0 ens holds this same motive and that is thestronges a rgument in its favor. Universal education utterly lacks this principle of enthusiastic service. Would public service upon great public undertakings create similar impulses? The question suggests that real problems involved in an effort to utilize the lessons of war in peace time.—New York Tribune.

# An Open Letter to The Public:

The following news items were published in today's issue of the Charleroi Mail. We and other retailers have been reading similar articles for the past month. Retailers who actually buy and sell sugar, were rather amused by them at first, but objection any longer being made the goat Read the following item—then read what we have to say:

## SUGAR SUPPLY TO BE WATCHED

Action control of the sugar prices has been resumed by the government through an agreement reached between the Department of Justice and the food administration, that licenses will be revoked by the latter when it is shown that dealers have been profiteering.

Sugar should reach the consumer at eleven cents a pound, it is announced, based on the ownership of the entire domestic and Cuban crop by the United States Sugar Equalization Board, which is selling to refiners at 7.28 cents a pound.

According to the news item, the sugar equalization Board sells raw sugar to the refiners at $7.28 per 100 pounds, delivered. The refiners sell to wholesale grocers and other carload buyers on a basis of $9.00 per 100 pounds, cash, less 2 per cent, plus the freight of 25 cents, a total cost of $9.68; the Wholesaler sells to the retailer at $9.61 per 100 pounds and therefore the retailer should not charge the consumer more than 11 cents per pound.

So far so good—but we and other retailers in Charleroi and Monessen are evidently poor buyers and don't know our business, for we find it ABSOLUTELY IMPOSSIBLE to buy sugar at $9.61 per 100 pounds or anyways near it—in fact we cannot buy sufficient sugar to provide our customer's needs no matter how hard we try to get it or what we offer to pay for it.

Still, there must be plenty of sugar to be had,—the people who ought to know say there is—so here is our offer.

We will buy one carload or more of sugar and pay 10 cents per pound for it delivered on track Charleroi. We agree to sell this sugar in all our stores at cost price 10 cents per pound. We will pay cash for the sugar before unloading.

We will pay a bonus of $100.00 per car to anyone who can secure a car of sugar for us at 10 cents per pound. If impossible to buy sugar at 10 cents per pound—though it is almost 1-2 cent per pound more than the retailer is supposed to pay—

We will buy one carload or more of sugar and pay 11 cents per pound for it, delivered on track, Charleroi.

We agree to sell this sugar at 11 cents per pound cost price.

We will pay cash for the sugar. We will pay a bonus of $50 per car to any one who can secure a car of sugar for us at 11 cents per pound.

If any public official or member of the various food boards can secure this sugar for us and does not care to collect the bonus, we will give the same amount to any charitable institution he may name.

These offers hold good on all carload lot or over of sugar delivered on track, Charleroi, Pa., on or before September 12, 1919.

We are selling sugar today at 12 cents per pound retail, our invoice price plus our selling cost makes the sugar that we are selling at 12 cents per pound cost us 12 1-4 cents per pound net. During the month of August our loss on sugar is 1-4 of a cent a pound on every pound of sugar we sold in all our stores. Our books are open for inspection to any authorized agent or representative of the United States Food Administration.

Who is doing the Profiteering? It is not the retailers.

A curious story is told of the bells of Messingham church, England. It is said that a long time ago a traveler passing through Messingham noticed three men sitting on a stile in the churchyard and calling out, "Come to church, Thompson!" "Come to church, Brown!" "Come to church, Wilkins!" And so on. Greatly surprised, the traveler asked what it meant. He was told the place having no bells, they called the folk to church in this way. The traveler remarked that it was a pity that so fine a church should be without bells, and at the same time asked the men if they could make three for the church if he would pay for them himself. They readily agreed to do this. By trade the three men were a tinker, a carpenter and a shoemaker. When next the traveler passed that way he found the three men ringing three bells, which said "Ting, tonk, pluff," being made respectively of tin, wood and leather.

TURKISH & DOMESTIC BLEND CIGARETTES

# Camel
## CIGARETTES

### Cigarettes made to meet your taste!

Camels are offered you as a cigarette entirely out of the ordinary—a flavor and smoothness never before attained. To best realize their quality *compare Camels with any cigarette in the world at any price!*

Camels flavor is so refreshing, so enticing, it will win you at once—it is so new and unusual. That's what Camels expert blend of choice Turkish and choice Domestic tobacco gives you! You'll prefer this blend to either kind of tobacco smoked straight!

As you smoke Camels, you'll note absence of any unpleasant cigaretty aftertaste or any unpleasant cigaretty odor. And, you'll be delighted to discover that you can smoke Camels liberally *without tiring your taste!*

Take Camels at any angle—they surely supply cigarette contentment beyond anything you ever experienced. *They're a cigarette revelation!*

You do not miss coupons, premiums or gifts. *You'll prefer Camels quality!*

**18 cents a package**

*Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.*

## Thousands Exterminated

### Tape-Worms With Head

Thousands are suffering from tape-worm, but are treated for some other disease without getting any result.

A SURE SIGN of the presence of these parasites is: Passage of round, longitudinal or pumpkinseed-like particles or other worms.

Suggestive signs are: Pale, bloated appearance, dark rings under the eyes, emaciation, continuous spinning, coated tongue, loss of appetite with occasional greediness, indigestion after taking certain food, as: Herring, Onions, Vinegar etc., even spells of fainting with an empty stomach, appearing indolent, raising of obstruction in the throat, sour stomach, heartburn, pain stomach, head-ache, humming in ears, with feeling of having a heavy moving mass in the body, cutting pains in intestines, rumbling and wave-like movements, palpitation of the heart, exhaustion, heaviness in limbs, sediment in urine, etc.

In addition thereto, may exist sympathetic disturbances which sometimes assume a grave character, hemorrhages, menstrual irregularities, hysterical fits, chorwic convulsions and even epileptic attacks.

MY METHOD EXPELLS THE TAPE-WORM

within one to four hours, without danger, painlessly, no fasting, no detention from home or work.
